REPORT BOARD OF EDUCATION

The Board of Education submit the following report of the schools under their supervision:

The Primary department, in care of Miss Alice L. Rand, has made very marked improvement.

The class leaving this room for the intermediate school, at the commencement of the year, was the farthest advanced of any similar class within the knowledge of the present board. Miss Rand is particularly adapted to this grade. Number of pupils 73

The intermediate room, with Miss Amy B. Drake for teacher, has made good progress. The pupils in the grade are of an age which requires great firmness united with tact, upon the part of the teacher. We consider this much the hardest school in the building, to discipline. Miss Drake is faithful and conscientious in the school room. Number of pupils 44.

Miss Nellie Cowperthwaite has had the Grammar school in charge, with a good degree of success. We have words of commendation for teacher and scholars. Number of pupils 45.

The High school department has continued in care of Miss Lillian M. Caverly, who has not only been faithful in the discharge of her duties in the school room, but has succeeded in inspiring her pupils with enthusiasm, and a love for study.

Good progress has been made. Number of pupils 26.

It is much to be regreted that so few of our village pupils do not avail themselves of the advantages of this department.

Quite a large number from out of the district have been in attendance. No. of weeks in each department, 33.

Respectfully submitted.

M. A. NORRIS.

Secretary Board of Education.
